Policies

PGFC Anti-Discrimination Policy

PGFC is responsible for setting standards and values to apply throughout the club at every level. Football belongs to and should be enjoyed by everyone, equally.

Our commitment is to confront and eliminate discrimination whether by reason of sex, sexual orientation, race, nationality, ethnic origin, colour, religion, or disability.

Equality of opportunity at PGFC means that in all our activities we will not discriminate or in any way treat anyone less favourably, on grounds of sex, sexual orientation, race, nationality, ethnic origin, colour, religion, or disability.

This includes:

- The advertisement for volunteers.
- The selection of candidates for volunteers.
- Courses.
- External coaching and education activities and awards.
- Football development activities.
- Selection for teams.
- Appointments to honorary positions.

PGFC will not tolerate sexual or racially based harassment or other discriminatory behaviour, whether physical or verbal, and will work to ensure that such behaviour is met with appropriate action in whatever context it occurs.

PGFC is committed to the development of the programme of ongoing training and awareness raising events and activities, in order to promote the eradication of discrimination within its own organisation, and within football as a whole.

PGFC Equal Opportunities Policy

PGFC is committed to a policy of equal treatment of all members and requires all members of whatever level or authority, to abide and adhere to this general principle and the requirements of the codes of practice issued by the equal opportunities commission and commission for racial equality.

All members are expected to abide by the requirements of the Race Relations Act 1976, Sex Discrimination Act 1986, and Disability Discrimination Act 1995. Specifically, discrimination is prohibited by:

Treating any individual on grounds of gender, colour, marital status, race, nationality or ethnic or national origin, religion, sexual orientation, or disability less favourably than others.

Expecting an individual solely on the grounds stated above to comply with requirement(s) for any reason whatsoever related to their membership, which are different from the requirements for others.

Imposing on an individual, requirements which are in effect more onerous on that individual than they are on others. For example, this would include applying a condition which makes it more difficult for members of a particular race or sex to comply than others not of that race or sex.

Victimisation of an individual.

Harassment of an individual, by virtue of discrimination.

Any other act or omission of an act, which has as its effect the disadvantaging of a member against another, or others, purely on the above grounds. Thus, in all the club's recruitment, selection, promotion, and training processes, as well as disciplinary matters, it is essential that merit, experience, skills, and temperament are considered as objectively as possible.

PGFC commits itself to the immediate investigation of any claims of discrimination on the above grounds and where such is found to be the case, a requirement that the practice cease forthwith, restitution of damage or loss (if necessary) and to the investigation of any member accused of discrimination.

Any member found guilty of discrimination will be instructed to desist forthwith. Since discrimination in its many forms is against PGFC's policy, any members offending will be dealt with under the disciplinary procedure.

PGFC commits itself to the disabled person whenever possible and will treat such members, in aspects of their recruitment and membership, in exactly the same manner as other members. The difficulties of their disablement permitting assistance will be given, wherever possible to ensure that disabled members are helped in gaining access. Appropriate training will be made to such members who request it.

Social Media Policy

Introduction

The use of social media provides many opportunities to improve the way we communicate, reach out and interact with the different communities we serve. However, when using these emerging technologies there are several risks and issues to consider, both for individual committee members, players, coaches, and parents of PGFC. These risks need to be identified and managed to ensure the benefits can be realised in as safe a manner as possible.

Outside of PGFC, personal use of social networking sites is also growing in popularity and is used by many as a way of keeping in touch with friends and colleagues on a social basis. Whilst in the vast majority of cases, the use of sites such as Facebook is trouble free, guidance is required to ensure members of PGFC do not act in a way that may negatively affect the reputation of PGFC or leave themselves open to allegation.

Purpose

This policy relates to both the professional and personal use of social networking sites by committee members, players, coaches, volunteers, and parents of PGFC.

It aims to provide guidance to committee members, players, coaches, volunteers, and parents on their personal responsibility as members of PGFC when using any social networking site.

Scope

Social media is the term commonly given to web-based tools which allow users to interact with each other by sharing information, opinions, knowledge, and interests online. As the name implies, social media involves the building of online communities or networks to encourage participation and engagement.

This includes blogs, message boards, social networking websites (such as Facebook, Twitter, MySpace, Snapchat, Tumblr LinkedIn, WhatsApp), content sharing websites (such as Pinterest, Flickr, Instagram, YouTube) and many others.

Objectives

To ensure safe, professional use of social media tools.

To make committee members, players, coaches, volunteers, and parents of PGFC aware of the issues relating to the use of social media for both private and professional purposes, and aware of their responsibility to PGFC.

To ensure committee members, players, coaches, volunteers, and parents of PGFC are aware of all relevant legislation and standards relating to online information, including codes of practice from related professional bodies.

Codes of practice

Professional bodies may have issued their own code of practice relating to the use of social media.

Everyone has a personal responsibility to be aware of codes of practice relating to their professional body; however, the PGFC policy remains the definitive guidance for everyone in the use of social media.

Roles and Responsibilities

All committee members, players, coaches, volunteers, and parents of PGFC are responsible for the success of this policy and should ensure that they take time to read and understand it.

It is the responsibility of the welfare officer and committee members of PGFC to investigate any reported breaches of this policy.

Personal use of social media

Outside of the PGFC environment, whether an individual chooses to create or participate in an online social network, or any other form of online publishing or discussion is his or her own business.

However, as a member of PGFC it is important to be aware that posting information or views about the club cannot be isolated from your club life.

Comments about PGFC or associates can bring the club into disrepute and make committee members, players, coaches, volunteers, and parents of PGFC liable to legal action.

Therefore, keep your personal use of social media as separate as possible from the club.

The following policy statements are designed to protect the club, the committee members, players, coaches, volunteers and parents from allegation, disrepute, and liability.

Committee members, players, coaches, volunteers, and parents should never do any of the following:

Share confidential information online

Post inappropriate comments about committee members, players, coaches, volunteers, and parents.

Use social media sites to bully or intimidate any member of the club.

Use social media in any way which is unlawful

Post pictures/videos of any other player(s) without the explicit permission of the parent(s)

The above statements refer to the posting of all types of content on social media sites, including (but not exclusively) text, photographs, and video.

Professional Use of social media

In such circumstances there are responsibilities, standards of behaviour and other organisational considerations which apply. Remember, you are publicly representing the club and should participate in the same way as you would with other media, public meetings, or forums.

Always remember that participation online results in your comments being permanently available and open to being republished in other media.

You should also be aware that you may attract media interest in yourself and PGFC, so proceed with care. If you have any doubts, take advice from the club's welfare officer.

Professional Use of social media is defined as:

Participation in third party professional forums and/or discussion boards relating to PGFC.

Creating and/or managing content on a social media site created, branded, and managed by PGFC.

Section 3

Codes of conduct

Code of conduct for parents/carers, guardians, and spectators

It is the aim of this club to promote the highest standards of sportsmanship and fair play and to ensure the 'spirit' of the game is not abused. Please do not encourage foul play at any time, whether it is physical (e.g., "take the player out", "hack them down") or verbal abuse (calling a player of either team names)

Any adult taking part or attending any activity organised by the club shall conduct themselves in an EXEMPLARY MANNER.

Adult behaviour must be of the highest standard to set the correct example to the players.

Players should get encouragement and support and not be embarrassed or humiliated by the adults watching them.

Adults should not shout, swear, argue, become violent, or use sarcasm.

Matters of team selection, including when and if substitutes are used, remain the sole responsibility of the manager and coaches and their decision will remain final. Any parent/carer or guardian who attempts to unduly influence the manager with regard team selection or substitutions, shall be in contravention of this code of conduct and may result in being reported to the club's executive committee

On match days please leave the running of the team to the manager and coaches of the team, please do not attempt to coach or influence any changes in positional play etc. as any interference can cause confusion amongst the players.

Adults Should:

Always look for aspects to praise rather than rebuke.

Praise good behaviour to show adults value it.

Praise effort and performance rather than simply achievement (most often in the case of a victory).

Emphasise the importance of involvement first, winning second.

Display patience and tolerance.

Ensure your players have a clear understanding of the standard of behaviour expected of them.

Applaud the opposition as well as your own team.

Help players understand the rules, talk to them not at them.

Avoid coaching the team unless you have been specifically asked to do this.

Respect the referee's decision at all times.

Give your attention and encouragement to all the team, not just the talented ones and support the participation of all levels of players in the team.

At all times, during a match, the decision of the referee qualified or un-qualified appointed to officiate the match will remain final. In many cases, newly qualified referees are used in youth matches to gain experience, these officials, male or female, should be given encouragement and support.

Any parent/carer, guardian, or supporter (associated to a playing member) whose behaviour falls below the required standard would risk the player's membership being suspended or cancelled.

Any complaint regarding the opposition, referee, spectators, or any other aspect of the match must be dealt with by the manager or coaching staff of PGFC. If the matter is considered serious, the PGFC manager or coach will inform the club's secretary and they will take it up with the appropriate authority. It is not acceptable for individuals to take the law into their own hands.

All parent/carers, guardians and spectators shall abide by the rules of the Football Association (FA) and its constituent youth leagues.

Code of conduct for managers and coaches

At PGFC managers and coaches are considered key to the establishment of the ethics and standards in football throughout the club.

Their concept of ethics and their attitude, directly affects the behaviour of the players under their supervision.

Therefore, all managers and coaches at PGFC are always expected to pay particular attention to the moral aspect of their conduct.

All coaches at the club must be aware that almost all their everyday decisions and actions they undertake, as well as strategic targets, have ethical implications.

It is natural that winning constitutes a basic aspiration for the managers and coaches. This code is not intended to conflict with that; however, the code calls for managers and coaches to disassociate themselves from a 'win at all costs' attitude.

Coaches should lead by example and always show a responsible attitude.

The health, safety, welfare, and moral education of young people are the priority, before the achievement or the reputation the club, manager/coach.

Below are the standards and codes we expect all our managers and coaches to achieve:

Managers and coaches must respect the rights, dignity and worth of every person and treat each equally within the context of the sport.

Managers and coaches must place the well-being and safety of each player above all other considerations, including the development of performance.

Managers and coaches must adhere to all guidelines laid down by the governing body (FA).

Managers and coaches must develop an appropriate working relationship with each player based on mutual trust and respect.

Managers and coaches must not exert undue influence to obtain personal benefit or reward.

Managers and coaches must encourage and guide players to accept responsibility for their own behaviour and performance.

Managers and coaches must ensure that the activities they direct or advocate are appropriate for the age, maturity, experience, and ability of the players.

Managers and coaches should at the outset, clarify with the players (and where appropriate the parents/carers and guardians) exactly what is expected of them and what they are entitled to expect from you.

Managers and coaches must co-operate fully with other specialist (doctors, physiotherapist, sports scientist etc.) in the best interest of their players.

Managers and coaches must always promote the positive aspects of the sport (e.g. fair play) and never condone violations of the laws of the game, behaviour contrary to the spirit of the laws of the game or relevant rules and regulations or the use of prohibited substances and techniques.

Managers and coaches must consistently display high standards of behaviour and appearance. Whilst on duties for PGFC

Managers and coaches must wear clothing that will identify them as being an official from the club (this will be provided by the club).

Managers and coaches must not use or tolerate inappropriate language.

Code of conduct for players

All players of PGFC are expected to always follow the code of conduct below whilst they are members of the club.

Always have regard for the best interests of the club, the game and yourself.

Know and abide by the laws of the game, the rules of the club and the spirit of the sport.

Always respect the decisions of the referees and club officials, always.

Always strive to perform to your best ability.

Set a positive example to others, including your team mates and supporters.

Do not use foul or inappropriate language.

Always encourage your fellow players and never criticise them.

Make every effort consistent with fair play to help your team win.

Treat opponents with due respect, irrespective of the result of the game.

Play fairly, avoid violence, and rough play and always help injured opponents.

Accept success and failure, victory and defeat equally.

Listen to your manager and coaches and respect their decisions.

Code of conduct for football

Football is the national game. All those involved with the game at every level and whether as a player, match official, coach, owner, or administrator, have a responsibility, above and beyond compliance with the law, to act according to the highest standards of integrity, and to ensure that the reputation of the game is, and remains, high.

This code applies to all those involved in football under the auspices of The Football Association.

Equality – Football is opposed to discrimination of any form and will promote measures to prevent it, in whatever form, from being expressed.

Young People – Football acknowledges the extent of its influence over young people and pledges to set a positive example.

Propriety – Football acknowledges that public confidence demands the highest standards of financial and administrative behaviour within the game, and will not tolerate corruption or improper practices.

Trust and Respect – Football will uphold a relationship of trust and respect between all involved in the game, whether they are individuals, clubs, or other organisations.

Violence – Football rejects the use of violence of any nature by anyone involved in the game.

Fairness – Football is committed to fairness in its dealings with all involved in the game.

Integrity and Fair Play – Football is committed to the principle of playing to win consistent with Fair Play.

This code is in line with The FA's current guidelines

Safeguarding Children Policy

Every child or young person, defined as any person under the age of 18, who plays or participates in football for our club should be able to take part in an enjoyable and safe environment and be protected from abuse.

This is the responsibility of every adult involved in football and PGFC fully endorse and adhere to The Football Association's Safeguarding Children policy.

PGFC recognises its responsibility to safeguard the welfare of all children and young people by protecting them from physical, sexual, or emotional harm and from neglect or bullying.

PGFC is committed to working to provide a safe environment for all children and young people to participate in the sport to the best of their abilities for as long as they choose to do so.

The FA's Respect programme supports the Safeguarding Children Policy to address verbal abuse and bullying of youngsters by parents and coaches on the side-lines.

The Association's safeguarding children policy principles are that:

The child's welfare is, and must always be, the paramount consideration

All children and young people have a right to be protected from abuse regardless of their age, gender, disability, culture, language, racial origin, faith, or sexual orientation

All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately

Working in partnership with other organisations, children and young people and their parents and carers is essential.

The FA is committed to working in partnership with the Police, Children's Services Departments, and Local Safeguarding Children's Boards (LSCB) in accordance with their procedures. This is essential to enable these organisations to carry out their statutory duties to investigate concerns and protect all children and young people.

The Association's safeguarding children policy is in response to government legislation and guidance, developed to safeguard the welfare and development of children and young people.

Section 4

PGFC Safety Guidelines

Equipment

All equipment used by the club in any purpose should be always checked for safety and condition.

Any equipment that is found not to be safe should be replaced immediately and either repaired or disposed of so that it is rendered un-useable.

All equipment failures should be notified to the club's committee at the earliest opportunity.

Goalposts

Goalposts of any size used by the club (including those which are portable and not installed permanently at a pitch or practice field) must always be anchored securely to the ground for reasons of safety.

Portable goalposts must be secured using chain anchors or appropriate anchor weights to prevent them from toppling forward.

Under no circumstances should any children or adults be allowed to climb, swing on, or play on any part of the goalposts.

All portable goals must be assembled correctly in line with the manufactures guidelines and secured correctly to avoid them tipping over.

All goalposts will be inspected on a regular basis and be always maintained.

All portable goalposts are to be taken down after use. They are then to be stored in a secure environment.

In line with current FA guidelines all nets should be secured only by plastic hooks or tape and not by metal cup hooks. Any metal cup hooks should be removed and replaced. New goalposts should not be purchased if they include metal cup hooks, which cannot be replaced.

Under no circumstance will any club member use goalposts which are 'homemade' or which have been altered in any way from the original manufacturers supplied goalposts.

These have been the cause of several deaths and injuries.

Safety checks to prevent toppling of goalposts:

Follow manufacturer's guidelines in assembling goalposts.

Before use, adults should:

- Ensure each goal is anchored securely in its place
- Exert a significant downward force on the cross bar
- Exert a significant backward force on both upright posts
- Exert a significant forward force on both upright posts

These must be repeated until it is established that the structure is secure. If not, alternative goals/pitches must be used

Remember to always use all equipment safely
